ACCESSORY DWELLING UNIT ORDINANCES

BACKGROUND
Accessory dwelling units (ADUs) are also known as cottage housing, AADUs, DADUs, mother-in-law suites, granny flats, or casitas. Local governments throughout the Puget Sound region have a variety of regulations governing the development of ADUs.

IMPORTANCE OF ADUS
ADUs provide additional housing units that are compatible with the look and scale of single-dwelling development, make more efficient use of existing housing stock and infrastructure, and provide a mix of housing options. There are many benefits to ADUs including making it easier for first-time buyers to qualify (also, renting out an ADU can provide additional income), enabling seniors to age in place, and expanding options for multigenerational living.

ADUs can also be sustainable when employing green construction techniques or adding walkability to neighborhoods. Built Green has certified two cottage projects in the past few years and would love to certify more. Check out project one and project two.

UNPERMITTED ADUS
In the Seattle area, it’s estimated that three quarters of what look and function like ADUs were never permitted. Many homeowners do not legally permit their backyard cottages because of the lengthy bureaucratic process, the high cost of complying with code, and tax increases. Even when cities adopt ADU ordinances, most experience a negligible uptick due to:

- Excessive restrictions
- Size limitations
- Red tape

HOW TO INCREASE ADUS
- Remove owner occupancy requirements
- Reduce off-street parking requirements
- Waive permit and impact fees
- Increase flexibility in maximum floor area requirements or lot area coverage
- Relax setback requirements

MODEL CODE

MBAKS RECOMMENDS IMPLEMENTING CODE WITH THE FOLLOWING FEATURES:

- Allow two ADUs per primary dwelling unit:
  - either two AADUs
  - or one AADU and one DADU
  - or two DADUs
- No parking requirement
- No owner occupancy requirement
- Two ADUs can be joined within the primary dwelling structure or two DADUs outside the structure
- Allow ADUs up to 1,250 square feet, regardless of primary dwelling unit size or lot size
- Allow planning/development directors to allow for an increase in the size of ADUs in order to efficiently use all floor area
- Allow an AADU in all primary structures, regardless of size
- Allow a DADU on parcels that are 4,000 square feet or larger
- Expedited permitting process
- Waived or greatly reduced permit and impact fees
- Waived or greatly reduced utility connection fees
- Waived or greatly reduced street improvement requirements
- Flexible setback requirements
- No special requirements for the location of ADU entrances
- Design guidelines should be no stricter than those for single family-homes, particularly in regard to façade modulation and exterior materials
- Allow the ability to create independently metered utilities and the flexibility to access different utility hook-up points on the property
- Pre-approved ADU/DADU plans to streamline process
- Allow and encourage panelized/prefab/modular ADU designs
- No requirement to notify adjacent property owners about proposed ADU projects if allowed under current code with no exemptions
- Allow and create a streamline process for air rights condominiums

STATE LEGISLATIVE ACTION

ESSB 6617 WAS PASSED IN 2020 AND GOES INTO EFFECT JULY 1, 2021

- The bill applies to all cities and counties planning under the Growth Management Act (GMA)
- GMA cities and counties must amend or adopt ordinances/regulations that do not require an off-street parking space for ADUs within one-quarter mile of a major transit stop defined as:
  - a stop on certain high capacity transportation systems;
  - commuter rail stops;
  - stops on rail or fixed guideway systems, including transitways;
  - stops on bus rapid transit routes or routes that run on high occupancy vehicle lanes; or
  - stops for a bus or other transit mode providing fixed route service at intervals of at least 15 minutes during the peak hours of operation.
- Jurisdictions are exempt from this requirement if they have adopted or substantively amended their ADU regulations within the previous four years or can determine the ADU is in an area with a lack of access to street parking capacity, physical space impediments, or other reasons to support that on-street parking is infeasible for the ADU.

ADU REGULATIONS ACROSS OUR REGION

ARLINGTON
One AADU or DADU allowed. An ADU can’t be established on any parcel smaller than 4,200 square feet. The gross floor area (calculated from finished wall to finished wall) of an existing structure, an addition, or new detached structure, converted to or constructed for the purpose of creating an ADU, shall not exceed 30% of the gross floor area of the primary single-family structure (not including garage and/or detached accessory buildings) or 800 square feet (whichever is less). The total square footage of impervious surfaces on the lot (lot coverage) cannot exceed 35%. One additional parking space must be provided, and owner occupancy is required in one of the two units. The City of Arlington Public Works Department shall provide, at no charge, water, and sewer hookups for ADU.

BOTHELL
One AADU or one DADU allowed. The floor area of the ADU can be no more than two-thirds of the primary dwelling unit, or 40% of the total floor area of the primary dwelling unit and ADU combined, excluding any garage area; or 800 square feet, whichever is less. DADUs are exempt from the provisions of code that limit the size of accessory buildings to 5% of the lot area. DADUs may not have a height greater than 25 feet or no greater than 28 feet for units over an existing accessory structure. Specific rules apply for two-story DADUs to protect the privacy of adjacent homes. One additional parking space must be provided, and owner occupancy is required in one of the two units.

bothell.municipal.codes/BMC/12.14.135
BURIEN
Two ADUs allowed. ADUs may be one AADU and one DADU. Two DADUs not allowed. AADUs must not exceed 1,000 square feet. DADUs must not exceed 800 square feet. The director may make exceptions to size limitations to allow for the better utilization of existing spaces. Buildings must be at least five years old to be eligible for an exception to the size limitation. One parking space required; lots within ¼ mile of a transit stop are exempt. Parking exemption will be reevaluated three years after ordinance goes into effect (ordinance passed Dec. 2019). No owner occupancy requirement.

UNINCORPORATED KING COUNTY
One AADU or DADU allowed in a single detached dwelling or townhome unit.
DADUs are allowed when:

- There is no more than one primary dwelling unit on the lot
- The lot is 3,200 square feet or greater if located in the urban area or a rural town; OR
- The lot must meet the minimum lot area for the applicable zone if located in the rural area but not in a rural town, except that if one transferable development right is purchased from the Rural Area or Natural Resource Lands under K.C.C. chapter 21A.37, a DADU unit is allowed on a RA-5 zoned lot that is two and one-half acres or greater.

The ADU can’t be more than 1,000 square feet of heated floor area and 1,000 square feet of unheated floor area except:

- When the ADU is wholly contained within a basement or attic
- For DADUs, the floor area contained in a basement does not count toward the floor area maximum; OR
- On a site zoned RA if one transferable development right is purchased from the Rural Area or Natural Resource Lands under K.C.C. chapter 21A.37, the ADU is permitted a maximum heated floor area of 1,500 square feet and 1,500 square feet of unheated floor area

When the primary and accessory dwelling units are in the same building, or in multiple buildings connected by a breezeway or other structure, only one entrance may front a street. No additional parking spaces required. The primary dwelling unit or the ADU must be occupied either by the owner of the primary dwelling unit or by an immediate family member of the owner. Immediate family members are limited to spouses, siblings, parents, grandparents, children, and grandchildren, either by blood, adoption, or marriage, of the owner.

Inside Urban Growth Areas
Two ADUs allowed: one AADU and one DADU. ADUs can be up to 1,200 square feet. No parking requirement or owner occupancy requirement.

Outside Urban Growth Areas (Rural)
One AADU or DADU allowed. DADUs allowed only on lots that meet the minimum lot size.* ADUs can be up to 1,200 square feet. A maximum distance between the primary dwelling unit and a DADU is 100 feet. ADUs must utilize the same driveway as the primary dwelling unit. One additional parking space is required. No owner occupancy requirement.

*Currently there is unfinished business related to DADUs on certain rural lots. The matter was referred to the Council’s Planning Committee for further review. Currently there is still a prohibition on DADUs on lots in rural areas that do not meet the minimum required lot area for the zone in which they are located (see SCC 30.28.010).
