# MAKE YOUR HOUSE A DREAM HOME

**Our remodeler members have the talent and skill to make your dream home a reality.**

Whether you're ready to remodel or looking for some expert advice, the remodelers in this guide are ready to help. They are some of the best craftspeople in the country—creating the homes that make our region one of the best places in the world to live.

As members of the Master Builders Association of King and Snohomish Counties and the Remodelers Council, the experts in this guide adhere to a strict code of ethics, ensuring your home is treated with the utmost care and professionalism.

From concept to completion, you can trust these remodelers to breathe new life into your home and create a space that reflects your unique style and personality.

Say goodbye to ordinary living and embark on an extraordinary journey towards the home of your dreams.

Disclaimer: The Remodelers Council makes no representations regarding its members other than affirming that the companies listed have been admitted to membership in the council. The listing of a remodeling company in this directory does not represent and should not be construed as a guarantee of the quality of the remodeler's work or the financial stability of the remodeler's business.

# FLAT RATE Home Repair

**\$ 380.00** + tax

## Expert Repairs at a Flat Rate!

- Includes first 4 hours of labor
- Additional labor available  
(billed in 4-hour increments)

## Service Area

- Everett to I-90, (Includes West Seattle)
- Eastside from Monroe to Issaquah

All materials, rentals & subcontractors will be billed separately & include contractor markup. All labor & materials are subject to applicable sales taxes.

# HIRING A REMODELER?

## DO YOUR HOMEWORK

The remodelers in this guide can help you make your home a dream home. But it's important to do your own due diligence before hiring. Here are some steps you can take to make sure that the company you hire is reliable, trustworthy, and has a track record of success.\*

- Verify they have an active license.
- Make sure they're bonded and insured for damages that may occur.
- If they have employees, check for an active workers' compensation account.
- Find out if they maintain a safe job site or have corrected any violations.
- Review a contractor's license history for previous lawsuits or license violations.
- Get references and stay alert for scams.
- Get a written contract, and make sure you understand the terms.

Most of this information can be found at the Washington State Department of Labor & Industries at [secure.lni.wa.gov/verify/](https://secure.lni.wa.gov/verify/).

All businesses in this guide are members of the Remodelers Council of the Master Builders Association of King and Snohomish Counties and have agreed to abide by MBAKS' Code of Ethics.

\*As of March 12, 2025 each company in this directory had an active contractor's license according to the Washington State Dept. of Labor & Industries.

The companies in this directory are listed by their office location; service areas may be broader. We encourage you to visit their website or contact them to ensure they serve your area and are the best fit for your needs.

*Proudly serving Edmonds, Shoreline, Redmond, Kirkland, Woodinville,  
Snohomish, Mukilteo, and Everett!*

*Life is stressful - remodeling your home shouldn't be.*

©2025 Trex Company, Inc. All Rights Reserved. Trex® is a federally registered trademark of Trex Company, Inc., Winchester, Virginia.

## Like you, we were made to be on the water.

For centuries, water has wreaked havoc on outdoor building materials – splintering docks, warping marinas and battering boardwalks. Then Trex changed the game with Performance-Engineered™ decking that stands up to the sun, saltwater, sand and everything else the elements have to offer. To learn more about how Trex marine-grade decking with SunComfortable™ heat-mitigating technology outperforms even when it's underwater, visit [trex.com](https://trex.com).\*

Featuring: Trex Transcend® Decking

\*Our SunComfortable™ products with heat-mitigating technology are designed to be cooler than most other composite decking products of a similar color. Although engineered to be more comfortable, they can still get hot to the touch when direct sunlight and high temperatures converge for extended periods of time. On such days, care should be taken.
